

REMARKS/ARGUMENTS

Favorable consideration of this application is respectfully requested.

The specification is amended to refer to prior related applications, which properly amends the specification as contemplated by the Examiner's Amendment contained in the Notice of Allowance.

Claims 33-47 are presently active in this case, and stand allowed. The Applicants greatly appreciate the allowance of this application. Claim 47 is amended to correct a minor informality. No new matter has been added. As this application was allowed in a first action, and this minor informality was only recently noticed, this paper is the first opportunity to make these changes. Entry of these changes is believed to be proper, and entry thereof is respectfully requested.

Accordingly, entry of the present amendment before issuance is believed to be in order and is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
